Two Instructors

Tactics, Leadership & The Future of The Fire Service

Fri. Dec. 8, 2006 • 0900 to 1600 hrs

Tactical Firefighting: What Every Fire Officer & Firefighter Needs To Know

Hosted by **SHAKER HEIGHTS FIRE DEPARTMENT**

Shaker Heights Community Building
3450 Lee Road • Shaker Heights, Ohio 44120

CHIEF PETER HAYDEN
Chief of Department FDNY

Featured Speaker

Standing Up For What You Believe

- Fire Department Core Competencies
- Command Control & Communications
- Leadership & Responsibilities
- Lessons of 9/11
- The Fire Service & Why It Needs To Change

Peter Hayden was Chief of Department FDNY. As Incident Commander he led the initial rescue and recovery operations of the World Trade Center. After that, he served as Assistant Chief of Operations and as FDNY project manager for the McKinsey Report recommendations which included increasing departments preparedness for future terrorist and complex large scale incidents. Previous assignments: Chief of Safety and Division Commander.

DAN NOONAN

Presenter

Wow! That Was Close

Identifying close call scenarios at residential and commercial fires, with emphasis on the need to recognize fireground perils. Also, examine "Fireground Lessons Learned"

Dan Noonan, FDNY (ret) is a Fire Technology Instructor, San Diego, CA. Featured Speaker Firehouse World and Firehouse Expo. Featured speaker FDIC. Presenter NYC Burn Center Institute at FDNY Academy. National Lecturer.
